Borough Meeting to Decide Upon Having Two Patrolmen and Paying \$2.25 Per Night-Driving Accident on Return from Funeral of Mrs. Octavia Dyer-Otto Anderson in Backus Hespital.

There is to be a meeting of the free-men of the borough of Jewett City this (Monday) evening agreeable to the re-quest of Warden McCarthy, to take action with regard to making an ap-propriation for the police department. Since the death of Officer P. B. Driscoll the night patrol duty has been performed by Supernumerary Officer John Zurlong. Meanwhile there have

John Zuriong. Meanwing there have been a dozen or more applications for the place of policeman.

Officer Driscoil received for his ser-vices the sum of \$53.14 per month, or \$1.71 per night. It seems to be the general opinion that tonight an appropriation sufficiently large to permit he new officer to be paid \$2.25 will be

he duties at once.
For some time after the night pairch was established, with P. B. Driscoll

and B. P. Franklin as the officers here were two men on duty, which was discontinued on account of the expense being too much. For a short time, 18 years ago, after the postoffice safe was blown, when the night patrol was first established Dennis Barnett was employed as night man by Slater company. Then there were men for a year or more. many property owners have expressed he opinion that not only should the collectmen be paid \$2.25, but that there should be two men on duty ev-night. The fact is advanced to ourglars, incendiaries or criminals any sort planning to commit crime in the borough have no difficulty in evading the single officer on duty, be he over so vigilant. That such is the case is substantiated in the evidence in the recent postoffice burglary, when Officer Driscoll was shot. The crooks knew where he was and waited for him to come up School street. Had he an associate officer, signals could have been exchanged, different meth-ods adopted and the deplorable result might have been averted.
